

E-LENGUA Project Call for Mobility, June 2016

INTERNAL CALL FOR MOBILITY FELLOWSHIPS OF THE ERASMUS+ KA203 E-LENGUA PROJECT FOR THE REALIZATION OF TECHNICAL AND ACADEMIC TRAINING COURSES IN THE CONSORTIUM UNIVERSITIES.

This call is addressed to **full-time and part-time staff** (teaching, research, technical and administrative roles) employed in the School of Linguistic, Speech and Communication Sciences at TCD and in cognate disciplines in the Faculty of Arts, Humanities and Social Sciences at TCD.

The E-LENGUA project sets out to address the specific language needs of target audiences through the use of ICT in language teaching and assessment. E-LENGUA is a consortium composed of seven universities, all of them with extensive experience in second and foreign languages training. The project's main goal is to update curricular design for language teaching using ICT in Europe in a synergistic way through drawing on our shared expertise. The overall objectives of E-LENGUA are:

- To contribute to the reinforcement of cooperation among European institutions of higher education through the exchange of best practices with a view to achieving the integration of digital competencies in the curricular design of foreign language teaching.
- To draw up teaching proposals that respond to the educational needs of the European context - intercultural and multilingual- and that present possible solutions to the challenges posed by the applications of ICT in the teaching of foreign languages.
- To implement the development of cross-sectional knowledge, skills and attitudes related to the digital competencies integrated into foreign language-learning in Europe, paying special attention to particular target audiences.

Along with Trinity College Dublin, the partner universities involved in the E-LENGUA consortium are: University of Salamanca (coordinating partner); Heidelberg University; University of Poitiers; University of Coimbra; University of Bologna; Cairo University. Partner universities have proposed a series of training programmes for staff, funded by the project (travel, accommodation and per diem provided). The financing covers four training days and two travel days. Details are provided below.

Next steps: If you are interested in participating in this mobility action, please read carefully the programmes outlined below (*paying attention to any language requirements*), and submit to my mailbox in CLCS by the **internal deadline of 28 June 2017**:

1) your top **three** preferences of destination programme in rank order; 2) a letter of motivation stating why the training would be of benefit to you; 3) your TCD staff number/affiliation details.

Successful candidates will be informed by 15 July 2016.

Kind Regards, Dr Lorna Carson (carsonle@tcd.ie, ext. 4282)

University of Salamanca offering
